Hello there!

Hello sweet friends,

For 15 years, Lana's Shop has been rooted in thoughtful, heartfelt design, and I find myself more thankful than ever to continue this work. At the heart of this business is a desire to create art that feels meaningful and authentic, in partnership with you.

Behind everything I make is the belief that sharing something handwritten and caring can truly change someone's day. Stationery is a simple and special way to offer love and brightness into the world.

I am inspired by everyday beauty and seek to create designs your customers will enjoy, cherish, and love to gift. Art that uplifts and brings smiles feels especially precious in these trying times.

My intention is to make your experience at Lana's Shop smooth and easy. We value being a positive presence and creating a relaxed, efficient ordering experience for you and your team.

There are several new product categories in this catalog alongside many of our classics. Recently, our exclusive nursery art prints were featured in West Elm Kids. We launched matchbooks that sold out in a few weeks. We created an earring line for Pip Pop Post that my daughter can now wear forever. And we were written up in The New York Times. I am beside myself with gratitude.

It is my great joy to partner with you as the Shop continues to grow. Thank you for your support and loyalty. I am excited for another season together.

Lana

Spreading happiness around is our number one business (and life!) goal!

When I was a kid, I adored playing with alphabet flash cards. Now that I have little kiddos of our own, I decided to roll up my sleeves and create a fresh series of ABC images to inspire a new generation of tiny dreamers.

Nature-themed and hand-painted, these whimsical letters are ready to roam. PACKADOO is a perfect gift for baby showers and adventurous families who love to learn on the go—by flashlight, campfire, or summer sunshine.

Get cozy with these colorful double sided cards, and make learning an adventure. They're sure to become sweet keepsakes to cherish.

“Thank you for making such a high quality product! As an OT I scream it from the rooftops when I find something like this and tell ALL my parents. They have even gotten rained on in my sessions and are as good as new! They truly are AMAZING!”

OUR QUALITY & MISSION

Our paper goods are printed locally in Denver with the most up to date, high-end digital technology available. Our printing process offers a vivid color range and keeps each piece looking like the original hand-painted art.

We use only FSC Certified papers, keeping care for our planet and sustainability in mind. Every product is created and designed by hand in our Denver studio. We assemble each package with as much care and attention as if it were for our own celebration, and we ensure quality control so that everything arrives in perfect condition.

"Whenever your catalog comes across my desk I just exhale and relax and i'm reminded again that beauty may just save the world."
